2. The security level of the meeting was announced as
Top Secret COMINT.

3. Approval of Minutes: The minutes of the 3 March 1972,
28 April 1972, and 19 May 1972 Subcommittee Meetings (M-57,
M-58 and M-59) were approved without change.

4. Proposed Sanitization Procedures for Magnetic Storage
Media: Subcommittee review of the draft procedures was completed
at the instant meeting; several editorial changes prepared by the
Chairman were approved by the group.

5. The AEC Member identified the lack of procedural
guidance in the paper with reference to sanitization of non-rigid
storage devices. At the request of the Chairman, the NSA and
AEC Members will address this lack prior to the next Subcommittee
Meeting and make a recommendation, if necessary, for an additional
subparagraph in the "Procedures" section of the paper.

6. The Air Force member provided the Subcommittee with
copies of a proposed substitute Attachment #1 and, at the request
of the Navy Member, the Chairman provided the Subcommittee
with a substitute Attachment #2 developed by the Navy. The Chairman
requested that Subcommittee Members review the "substitute
attachments" prior to the next meeting, at which final coordination
action by the Subcommittee on the instant draft is anticipated. The
Chairman noted that if the next Subcommittee Meeting permits an
effective review and coordination of the attachments to the proce-
dures, a new draft of the entire document will be disseminated for
USIB Agency staffing, hopefully, the final effort on the document at
the CSS level.

c. DCID No. 6/3: The Chairman reported
that USIB had reviewed the proposed revision of
DCID No. 6/3 (including Annex E), but that it had
been remanded to the SIGINT Committee by the
Director in order to correct inconsistencies with the
new NSCID No. 6 among other things.

d. Departure of CSS Members: The Chairman
made reference to the fact that Messrs. [ ] and
Eccleston who have represented NSA and Army on the
Subcommittee for a number of years were being
reassigned and leaving Committee activities. He
commended both of these gentlemen for their consistant
contributions to overall Subcommittee efforts over the years
and wished them well in their new assignments.
